

# Subscription Form

Subscribe for free to OnBoard Technology, and start reading the only international magazine specifically focused on Europe that addresses the challenges of miniaturisation in the PCB manufacturing, assembly and test industries. OnBoard Technology is published 6 times a year and supplies readers with accurate, relevant and up to date information on technology and trends within the Electronics Manufacturing industry and market developments in the Microsystem/Nanosystem Technology sector.

**Subscription is free of charge to qualified readers in Europe. In other countries and for non-qualified readers, the subscription fee is €150 a year.**

Please fill in the subscription form below and fax it to our reader service department at: +39 02 6738 8322 or mail to: OnBoard Technology, c/o Wise Media S.p.A., via Lepetit 4, 20124 Milan, Italy.
